<https://www.linkedin.com/in/nivethasri-kannan>

## OBJECTIVE

Proficient in UI/UX design and frontend development with a strong focus on creating user-friendly interfaces. Experienced in connecting frontend to backend using MongoDB. I am skilled in design tools such as Figma, Canva, and Photoshop, with a basic understanding of backend development and Java. Familiar with development environments like Eclipse and VS Code, and comfortable working with JavaScript for building responsive web applications.

## PROJECTS:

### Hospital Appointment Portal:

#### Skills Gained:

- Created the frontend using HTML/CSS and implemented backend connection using basic PHP.
- Deployed the project using InfinityFree hosting platform.
- Utilized a no-code database available on the platform for storage.
